Discussion and update on general maintenance/signage or encroachment issues along the Cheese Country Trail along with Trail Maintenance Update – Local ATV & Snowmobile

Clubs: Lee reported that the trail was generally in pretty good shape and is getting a lot of use. The more it's used, the rougher it becomes and the more grading is going to be required. Opening the trail during the COVID19 situation has presented an opportunity for many trail users to escape the metropolitan areas, but it has also created some concern over the social

distancing requirements. The Sheriff's dept. and the game warden are constantly monitoring the groups of ATV/UTV riders and reminding them to practice social distancing.

There was an accident on the trail near Slough lane that Lee and Tom responded to on Saturday evening May 16th. A UTV traveling south on the trail, hit the east railing of bridge # 19, destroying the 3 guard rails and braces. Lee and Tom made a temporary repair and Lee will go back and fix it permanently once he obtains the materials. Tom will get the insurance information so that a bill can be submitted to the driver of the ATV.

Mrs. Quinn, who lives where the trail crosses Sargent road, has called to report that a large hole has developed next to her field, due to ATV's getting off the trail and running through the mud. Lee will look into getting it repaired.
